

Inorganic Chemistry, (Viva Student Edition)

By Gary Wulfsberg

Viva Books, 2010. Softcover. Book Condition: New. First edition. Wulfsberg's new Inorganic Chemistry is ideal for use as the primary textbook in the junior-, senior- and introductory graduate-level sequence of inorganic chemistry courses. With a clear descriptive approach that seamlessly integrates bioinorganic, environmental, geological, and medicinal material into each chapter, there is much to like about this contemporary text. Also refreshing is an empirical approach to problems in which the text emphasizes observations before moving on to theoretical models. Because Part I of the book explains chemical concepts and reactions using Valence Bond theory, it may be used by students who have not had physical chemistry; thus Part I of the book is also recommended for use in a one-semester introductory course. Part II covers all traditional topics of an advanced inorganic course for chemistry majors including symmetry, molecular orbital theory, transition metal chemistry, organometallic chemistry, inorganic materials and mechanisms, and bioinorganic chemistry. Contents: Part I: Inorganic ions and simple molecules in chemistry and in our environment: Periodic trends in fundamental properties of atoms and simple ions ? Monoatomic ions and their acid-base reactivity ? Polyatomic ions and their acid-base properties with applications to environmental chemistry and analytical chemistry ?...

Reviews

These sorts of pdf is the greatest ebook offered. We have study and that i am sure that i will going to study once more once more in the future. Its been printed in an remarkably simple way and it is only after i finished reading through this pdf through which in fact transformed me, affect the way i believe.

-- **Mr. Dashawn Block MD**

This book is fantastic. It really is packed with wisdom and knowledge I am pleased to explain how this is the greatest ebook i actually have go through in my personal daily life and can be he greatest ebook for at any time.

-- **Mr. Zachariah O'Hara**
