Brand New Book ***** Print on Demand *****.Excerpt from Marietta, Ohio: Its Advantages, Industries, Resources and Prospects The advantages, industries, resources and prospects of a community are subjects of much importance to residents thereof, and deeply interesting to those contemplating a change of residence or seeking a new location for their business. It is the aim of this pamphlet to afford our people a convenient means of conveying to their friends abroad a general idea of Marietta s advantages and of the extent of her present industries. Many of our leading citizens, having the best, interests of the community at heart, are calling the attention of manufacturers to our superior advantages as a manufacturing point. It is hoped this publication will assist in bringing the claims of our city to the favorable notice of prospective investors and of those seeking a desirable place of residence. We would respectfully say to those manufacturers who may be seeking to better their facilities, and to capalists who are contemplating the formation of new industrial enterprises, that a careful examination of Marietta s advantages will convince them that many opportunities are offered here for investments that are safe and profitable. While cheap and abundant fuel is a matter of prime importance in the establishment of any manufacturing enterprise, yet this is not the only inducement we can offer. There are many others, among which may be named eligible building and manufacturing sites, plenty of help, a law-abiding people, moderate rents, low taxes, police and fire protection, reasonable prices for real estate, and splendid shipping facilities.
