Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Struggling to earn more and still feel connected to your wife, kids and business? Caught up in the cycle of working more for less? Pressured and stressed from not having the answers? Want to stop feeling frustrated, alone and exhausted? I know you work hard to do what you think is right. What you are missing is your greatest source of power: the connection to your woman. If you learn to tap into this source, you can have more power, more money and more sex than you ve ever imagined. Your work life will become effortless and you will build a life that matters. I ve seen many married couples struggling with their finances. After personally experiencing this and overcoming it, I felt the need to focus my work on helping others improve communication around money. So many husbands feel shame and embarrassment around their own money story and many wives feel insecure, oppressed and silent. We are unable to talk openly to each other. The resulting disconnection leads to a loss of personal power, which affects all other areas of our lives. We become frustrated, alone and exhausted, which means we aren t at our best and ultimately earn less, communicate less and love less. My goal for this book is to help smart husbands start a new conversation around money. A conversation that leads to rediscovering your personal power by uncovering the gifts within your wife. By restoring this vital connection, you can build a marriage, family and business that matters. It s time for you to tap into the source of your true wealth: the hidden currency in your marriage.
