Filesize: 9.47 MB

### **Reviews**

*This is basically the very best book we have go through until now. I have got read and i also am confident that i am going to gonna study once again again in the future. I am just very happy to inform you that this is basically the very best ebook we have read inside my own life and might be he very best publication for at any time.*

*(Angus Hickle)*

## A HERO S LIFE (PAPERBACK)

Robertson Publishing, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The story of a war hero who is faced with a choice between what he believes is moral on the one hand, and his job, his family and the security of his country on the other. Steve Pritchard was a World War II fighter pilot hero who returned from England in 1945 to his home in Los Angeles. He was a double ace with twelve downed Messerschmitt ME-109 s to his credit. Steve had married his high school sweetheart, the prettiest girl in town, went to work at Western Aircraft Company, the largest aircraft company in Southern California and moved into a new home with swimming pool on the Palos Verdes peninsula. Steve and Ellen quickly had three children and settled down to a comfortable post-war life. He earned a masters degree in aeronautical engineering at UCLA night school and became his company s chief troubleshooter. The company s design team listened to his suggestions and respected his opinion. All was going well when he was assigned a special mission by the company president to investigate multiple crashes of the company s new, supersonic fighter jet. It would be a simple task, one that he was sure he could solve in a few days. But those few days turned into months of futile probing, political infighting, Air Force interference, threats on his life and lack of support from his company s management as well as from his family. Using his experience in airplane design and applying his flying skills, could he finally identify the cause of the crashes? If he identifies the problem, should he reveal the faulty design and lose his job, his home, and his...
