Not illustrated. 1908 Excerpt: .claiming to have made allowances for depreciation and interest, but none for loss of taxes, estimates the average cost per lamp per year at \$60. This would be more than \$70 for an all-night every-night service. The report is much more complete and interesting than the ordinary products of municipal plants. What would YOU do if you O were fined \$29,000,000.00 The amount is almost beyond human comprehension, and yet at least half as much is lost every year by the wasteful use of light. tfl How much are you losing? Count up your ordinary 16 C. P. lamps, which take 56 watts each, and then figure how much current you would save by replacing them with Shelby 45 watt lamps, which would give you the same illumination. 45 Or, what is the same thing, simply take 56 of your bills, --the difference is what you would save. -I Isn t it worth considering? J And remember, --the Lighting Company gives no rebate for wasted light. The Shelby Electric Company SHELBY, OHIO. that the few examples here shown will prove, that our city is, at least, not far behind in the race, and it will not be the fault of the lighting company in its efforts, nor of the citizens in their response, if Lincoln does not stand at the head of cities of its class in this respect. Figure I shows one of our largest department stores. The building was originally one of the State...
